FIFTEEN YEARS OF ECZEMA
Affected Hands, Arms and Legs—
Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—
In less than One Week
CURED BY THE CUTICURA REMEDIES
"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. GOVERNOR WILLSON
May Settle Tobacco Question Today--The Frankfort Meeting of Huge Importance
The American Tobacco Company Ready to Pay Fair Price For All the Equity Tobacco--Biggest Deal in the History of Kentucky May Be Effected.

The Tobacco conference at Frankfort called by Governor Willson in the endeavor to effect a settlement between the 30,000 tobacco growers of this state and the American Tobacco Company, will meet at the Capital Hotel at Frankfort today.
The Governor, asspokesman, mediator and arbitrator, will preside at the conference, which will be attended by President Lebus and a score of other leaders for the tobacco growers, while the American Tobacco Company will be represented by Mr. R. K. Smith of Louisville, its Kentucky manager.
President James B. Duke, of the Company may not be able to leave New York to be present at the meeting.
Mr. Smith has just returned to Louisville from a conference with President Duke, and while he would give out no information as to what President Duke had instructed him to do regarding at the Frankfort conference, yet he stated that he would represent the American Tobacco Company.
There is a rumor in New York that President Duke is ready and willing to purchase the entire holdings of the Burley Tobacco Growers at a satisfactory price. But not \$15 all around.
To the people of Mason county and Kentucky we can announce that today or tomorrow may see all this vast amount of tobacco passed into the hands of the American Tobacco Company which will pay the Equity Society and the Growers' Association the enormous sum of about \$15,000,000.
It is a momentous movement for all Kentucky "and if" the deal goes through as mapped out by the Governor, the name of Augustus E. Willson will be placed alongside of that of Theodore Roosevelt as a peacemaker and a mediator in behalf of the toiling thousands of Kentucky and Ohio tobacco growers who will all rise up and call him blessed.
Think of \$800,000 in cash turned loose in Maysville and Mason county, alone!
What a joyous and glorious Christmas gift!
Pray for the success of the Frankfort meeting, pray that the necks of President Duke and P. will not be too stiff to yield to reason.
Remember that it is better to be

HOLIDAY VACATION

Maysville Public Schools Dismiss This Afternoon Till January 2d

Its fatal to the year 1907 as far as the boys and girls of Maysville are concerned on the educational proposition.

The Public Schools of this city will be dismissed this afternoon for the long holiday vacation and will not resume the mental grind again until Thursday morning, January 2d.

Every school in Maysville has shown wonderful advancement in method, management and advancement, and the future is bright with promise, especially for the Public Schools.

Work on the new school building in District No. 1 is progressing rapidly and the roof is nearly on. The structure is quite handsome and modern and will fill every requirement in that part of the city for years to come.

The stone and cement foundation for the new High School Building corner Second and Limestone streets, will be completed in a few weeks, and this splendid structure will be ready for the opening of school next fall.

THE PUBLIC LEDGER hopes that Prof. D. S. Clinger, the efficient Superintendent and his corps of faithful and progressive teachers and their pupils will spend a Merry Christmas and A Happy New Year.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it.

A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any one who may inquire."

YOUTSEY THE MAN

Who Murdered Goebel—Direct Evidence That Convict Fired the Shot

Caleb Powers Clearly Had No Knowledge of the Shooting

The most direct evidence that Henry E. Youtsey fired the shot that killed Goebel was given yesterday, when Grant Roberts testified that he saw Youtsey with rifle fifteen minutes before the shooting.

Reuben Miller swears that he saw Youtsey raise window in Powers' office, draw blind and aim weapon several days before Goebel was shot. "It's on," he said, but gave no explanation.

Grant L. Roberts was cross-examined by Victor Bradley, of the side of the prosecution. The Marlin rifle with which Senator Goebel, it is alleged, was shot originally belonged to Roberts.

Henry E. Youtsey, it is claimed, removed the gun from a vault in the Auditor's office. Later, Youtsey was seen with the gun immediately following the shooting.

Roberts said the gun then disappeared and he did not again see it until, January, 1907, when he found it in the possession of Albert Helton of Knox county.

The gun was made a part of the exhibits of the trial and is rusted from disuse, and is in the same condition as it was in 1900, having never been fired since that time. The magazine contained three steel bullets of the same kind that caused the death of Goebel.

R. N. Miller of Indianapolis, who was County Attorney of Hardin county, was called and asked in regard to Sheriff Burton's statement in Frankfort, that the only way to settle the contest was to explode a few cartridges.

GEORGE H. Frank & Co

LOUIS STINE.

Louis Stine, aged 81, died yesterday morning at the home of his daughter, Mrs. Rosa Stine Allen, at Louisville.

He had been ill of erysipelas for several weeks and recently underwent an operation for bladder trouble.

Mr. Stine was a native of Germany. He came to America when twenty-four years old and for a quarter of a century was a merchant in this city, removing to Louisville some twenty-six years ago.

The funeral occurs this afternoon, the interment being in Cave Hill Cemetery.

PITY THE DESTITUTE

And Out of Your Bounty Assist the Poor--Many Are Suffering in Maysville

If you are of that class who doubt that we live in our midst those who are in actual want and are suffering from hunger and cold, suppose we interview Missionary Reed.

In his rounds yesterday that gentleman found many cases of want and woe--two that especially appealed to the better side of humanity.

One was a decrepit old woman dying in her bed in West Front street, alone and uncared for; another was a poverty-stricken family without food, fuel or a particle of furniture in its one room in which they huddled.

Now it is not a lack of the milk of human kindness on the part of this Christian community that people are permitted to die of hunger, cold and neglect right in our midst without extending a helping hand, but rather a lack of knowledge of the condition as it really exists today amongst a certain class in our city.

Evangelist Reed makes daily rounds in seeking out and looking up such cases as has been noted above, and any charitable disposed person who wishes to aid and relieve the sorry plight of their less fortunate brothers and sisters in Maysville, will find this gentleman a valuable aid in directing your charity where it is really needed and will do the most good.

See him and have a talk with him and he will enlighten you on the suffering that is now endured by many poor families who are deserving of your aid and sympathy.

MASONIC NOTICE.

LICENSE SUSPENDED

Captain Robert Corben of Ripley Ferry Violates Law

United States Local Inspectors of Steam Vessels Dameron and Fearn have suspended the license of Captain Robert Corben of the ferryboat Proctor K. Smiley at Ripley for 30 days for having an unlicensed pilot in the pilot house.

A rather unusual situation is presented and the inspectors were slow to act. The navigation laws require that a vessel the size of the Smiley and employed as she is need have only two licensed officers--an engineer and a pilot. Both of these men were aboard at the time, but Captain Corben, the pilot, was employing his time collecting fares while he sent the engineer to pilot the boat. The engineer had no license to act in that capacity, and therefore Corben, the owner of the boat, has been suspended.

The case will be reported to Surveyor of Port Armor Smith, who, if he finds Captain Corben guilty as charged, must assess a fine of \$100 in addition to the other punishment. The inspectors have no authority to assess fines.
